

To understand how to represent numbers using the expanded form

1 Complete the number sentences for the part-whole models.

$$31 = 30 + \dots\dots\dots$$

$$72 = 70 + \dots\dots\dots$$

$$18 = \dots\dots\dots + 8$$

$$54 = \dots\dots\dots + 4$$

2 Write a number sentence for the Base 10.

3 Make a number for a partner.

How many different number sentences can you write for the number?

To understand how to represent numbers using the expanded form

Question Number	Question	Answer
